# WHAT IS SPIRIT NIGHT?

Chances are, that if you sitting in the stands tonight, you are well familiar with Spirit Night. But for those of you who have never experienced this annual event, you must be thinking: "What exactly is Spirit Night?"

Spirit Night is an almost entirely student-run activity that brings the student population together in competition. It was created by former CEC Physical Education teacher, Jack Klebe (for whom the Spirit Night Trophy is named!), as a way for the school to come together, and show their passion, excitement, and talents.

Each year, the team captains and members prepare for months, honing their skills to eventually show them off over three wild and crazy nights. From January to April, the students choreograph dances, build giant themed murals, design intricate costumes, cut music, organize skits and invent fun and challenging games. All of this work culminates in three amazing nights in April.

The teams perform their hearts out and are judged on everything from choreography to execution, sportsmanship to creativity, and artistic vision to athletic achievement. And every year, the stands are full with parents, friends, and alumni, who are eager to both show their support and share in the memories that are made with each unforgettable performance!

Thank you for your continued support and for sharing with us this longstanding CEC tradition!

## SAVANNA HAYDEN

Savanna first attended Spirit Night she was only nine years old. She got to watch her older sister Cassidy perform in her first year of Spirit Night. That night she came home and asked her mom to put on some music so she can make a dance. Ever since then, her parents knew she'd be running the show one day. Savanna has been involved in Spirit Night for all four years here

at Egan. Her Freshman year she was a dancer in Superbowl Sunday, which unfortunately was never performed due to Covid. Her Sophomore and Junior year she was a captain for Disney Princesses and Deal or no Deal. This year she is honored to be the White Team Overall and a captain for Lite Brite! She'd like to give a huge thank you to all her captains for all the hard work they have put in this year. A big thank you to her art captains Rylee Joyce and Rebecca Kadlec who made the most amazing mural! She'd also like to thank all the White Team moms, but especially Mrs. Hayden, Mrs. Brennan, Mrs. Buchko, Mrs. Andujar, and Mrs. Gleave who have worked so hard to make costumes and props for her dances over the past four years! She'd like to especially thank her sister Cassidy for becoming her moderator this year and being the biggest supporter she has. Another huge thank you to her parents and her family for all the hard work and support they have given her over the past four years. She could not have done this without her family and mom and dad. Lastly, she'd like to thank Mr. Dinan, as none of this would be possible without him! Her future plans include going to West Chester University to major in Special Education. Savanna welcomes all of you! She has great confidence in her team bringing home the Klebe. She wishes the Blue Team the best of luck! Savanna hopes you all enjoy this years Spirit Night - Toys!

## KEVIN CONAWAY

Kevin is proud to help lead the White Team during Spirit Night 2023 Presents: TOYS! Kevin has been in awe of the excitement and energy that everyone on both teams puts into making this event the highlight of the school year. Last year during Spirit Night Arcade Games, Kevin was captain of the dance Mortal Kombat. This was the first time in over three years where Spirit Night took place in its entirety, complete with cheering family and friends in the stands. The atmosphere was like nothing Kevin had ever experienced. It was also during this experience where Kevin learned a lot about leadership from his Overall Captain that year, Ronald Brown. It is with the knowledge learned from Ronald, that gives Kevin the confidence to lead as Overall this year. Now, in 2023, Kevin is focused on helping lead the White team to victory once again. He is eternally grateful and thankful for his Co-Overall, Savanna Hayden, whose organization, excitement and preparedness have helped with guiding the White Team over the past several months. The determined efforts Savanna has put forth have been contagious on both Kevin and the White Team, helping everyone rise to their highest potential. Kevin would also like to thank all of the White Team moms for all of the work they have done both this year, and every year, to help bring the captains' visions to life. Kevin would also like to thank Mr Dinan, and the White Team moderators for all that they have done this year. Lastly, Kevin wishes the best of luck to the Blue Team, and their Overall Captains, Ahlana Sesar and Leo Zuniga. To all of the family and friends in the stands, welcome to this year's Spirit Night – TOYS!

## AHLANA SESAR

Ahlana has been a BLUE team captain all 4 of her years at CEC! She first discovered Spirit Night in 2017 when she visited as a 7th grader when the theme was Pixar! Right then and there, she knew she had to be involved. Ahlana was Freshman captain of the dance "Spring Break" for the theme Holidays! Sadly, Spirit Night was cut short that year due to COVID. Sophomore year, she was captain of "Titanic" the theme Hollywood. Finally getting a chance to perform and participate once Spirit Night returned gave Ahlana the full understanding of what being a Spirit Night captain is all about. Last year, Ahlana co-captained "Dance Dance Revolution" with previous overall Jessica Silva for the theme of Arcade Games, when the BLUE TEAM pulled through with a VICTORY! She is excited to continue to work hard with her fellow Blue captains to keep the streak alive and hold up the Klebe on Saturday. You can find Ahlana dancing away with her Monster High Dolls this year. Outside of Spirit Night, Ahlana has loved playing Varsity Softball all four years and serving as a Captain for the past two years with Angelina Bresnen and Katey Brennan. Next year, Ahlana is looking forward to reuniting with many former Spirit Night Captains at Penn State University, Main Campus (Mr. Dinan's alma mater) while majoring in special education! Ahlana welcomes you to Spirit Night 2023 Toys! She is ecstatic for you to see all the hard work the Blue Team has put in over the past few months. She hopes you get to experience the spirit, sportsmanship, love, and energy the Blue Team brings to the table! Ahlana would like to thank Mr. Dinan, Jessica Silva, Melina Rallis, Julianna Rifkin, Ms. Mullins, and the rest of the Blue Team Moderators for their commitment and support through this busy season! She'd like to wish all of the white team good luck, but especially her friend, and fellow Overall, Savanna Hayden!

## LEONARD ZUNIGA

Leonard has participated in every Spirit Night the past 4 years for the BLUE team! He says that these past four years of spirit night made a huge impression on his life. Blue team helped him learn to work as a leader while also having fun. He had his first Spirit Night experience in 2018 when the theme was Novels. This is when he got to watch his sister perform in the dance "Hunger

Games". When Leo took in all the energy the Blue side had, he knew he wanted to be a part of their team. All the music and yelling pumped Leo up so much, it was enough to know that he was ready for Spirit Night! Leo had anticipated for practices to start as a freshman. When it was finally time, he was part of the dance "April Fools" for the theme Holidays. Sadly this year had to come to an end because of COVID. Sophomore year he tried again and participated in the dance "Michael Jackson" where he was finally able to perform and get a real taste of Spirit Night, just without the audience. Leo exclaims that even without the audience, the spirit produced from both Blue and White team made it an experience he'll never forget. Last Year, Leo got the main role as Donkey Kong in the dance "Donkey Kong". This was for the theme of Arcade Games when the BLUE TEAM pulled through with a WIN! This year, you can find Leo in the dance "Jack In The Box" where he is very excited to help lead the Blue Team with his fellow Overall Ahlana Sesar. Leo has also participated in lacrosse for Conwell- Egan the past three years where he made memories and friends that will last a lifetime. Leo's plans after graduating are to attend Holy-Family University where he will major in Digital Communication and Media. Leo would like to add how proud he is of his fellow dancers and captains who show hard work and dedication towards Spirit Night. He is excited for the audience of all three nights to see the spark and determination Blue Team has to earn a Back to Back Win! Leo hopes you get to feel the same liveliness tonight that he felt back in 2018! Leo would also like to thank Mr. Dinan, the blue team moms, blue team moderators, friends, and family! He wishes the White Team the best of luck! Finally, Leo would like to welcome you to Spirit Night 2023, Toys!!

# DID YOU KNOW?

Did you know there is a National Toy Hall of Fame? Located in Rochester New York, the Toy Hall of Fame recognizes the contributions of toys and games that have sustained their popularity for many years. Criteria for induction include: icon status (the toy is widely recognized, respected, and remembered); longevity (more than a passing fad); discovery (fosters learning, creativity, or discovery); and innovation (profoundly changed play or toy design). Many inductees are timeless classics, that young and old have enjoyed during playtime for generations. Others are non-traditional selections, but nonetheless, have inspired hours of creativity in the simplest of forms, including a stick, sand, and even a plain cardboard box! Since 1999, 81 toys have been selected for induction into the National Toy Hall of Fame, and many of them will be featured\* here this evening. How many did you own and love growing up?

### POWERPUFF GIRLS

The Powerpuff Girls is an American superhero animated television series created by animator Craig McCracken and produced by Hanna-Barbera (later Cartoon Network Studios) for Cartoon Network and distributed by Warner Bros. Domestic Television. The show centers on Blossom, Bubbles, and Buttercup, three kindergarten-aged girls with superpowers. The girls all live in the fictional city of Townsville with their father and creator, a scientist named Professor Utonium, and are frequently called upon by the city's mayor to help fight nearby criminals and other enemies using their powers. From 1999 to 2002, Trendmasters made Powerpuff Girls dolls and action figures. The franchise made nearly \$1 billion in retail sales by 2002 according to Cartoon Network.

## LEGO NINJAGO

Lego Ninjago is a Lego theme that was created in 2011 and a flagship brand of The Lego Group. It is the first theme to be based on ninja since the discontinuation of the Lego Ninja theme in 2000. Whilst it retains some elements of the previous theme, it is based on a more detailed storyline set with-in a fantasy world, primarily underpinned by the computer-animated television series Ninjago. The theme focuses on a group of six teenage ninja, led by the legendary Green Ninja, Lloyd Garmadon. The main ninja characters are defined in the story as "Elemental Masters", which means that they each possess elemental powers. The ninja are trained in the fictional martial art of "Spinjitzu" by their ancient and wise teacher, Master Wu, giving them the ability to fight against the forces of evil.

### POLLY POCKETS

Polly Pocket is a toy line of dolls and accessories first founded and designed by Chris Wiggs in 1983 for his daughter Kate. Using a makeup powder compact, he fashioned a small house for the tiny doll. The original Polly Pocket toys were plastic cases that opened to form a dollhouse or other playset with Polly Pocket figurines less than an inch tall. The dolls folded in the middle, like the case, and had circular bases which slotted into holes in the case interior, allowing them to stand securely at particular points in the house. This was particularly useful for moving points in the case. Because the dolls were so small, sometimes they came enclosed in pendants or large rings instead of the more typical playset cases.

### POWER RANGERS

Power Rangers is an American entertainment and merchandising franchise built around a live-action superhero television series, based on the Japanese tokusatsu franchise Super Sentai. The first Power Rangers entry, Mighty Morphin Power Rangers, debuted on August 28, 1993, and helped launch the Fox Kids programming block of the 1990s. Each series revolves around a team of youths recruited and trained by a mentor to morph into the eponymous Power Rangers, able to use special powers and pilot immense assault machines, called Zords, to overcome the periodic antagonists. In the original series Mighty Morphin, the wizard Zordon recruits "teen-agers with attitude" against Rita Repulsa. The series catapulted into popular culture along with a line of action figures and other toys by Bandai. By 2001, the media franchise had generated over \$6 billion in toy sales.

## BARBIE

Barbie is a fashion doll manufactured by American toy company Mattel, Inc. American businesswoman Ruth Handler is credited with the creation of the doll, inspired by watching her daughter Barbara play with paper dolls, and noticed that she often enjoyed giving them adult roles. At the time, most children's toy dolls were representations of infants. Ruth based her initial design on a German toy doll called Bild Lilli. The doll would go on to make its debut at the American International Toy Fair in New York City on March 9, 1959, which is also used as Barbie's official birthday. Barbie is the figurehead of a brand of Mattel dolls and accessories, including other family members and collectible dolls. Barbie has been an important part of the toy fashion doll market for over six decades. The brand has expanded into a long-running multimedia franchise since the late 1980s, including video games and CGI/computer-animated films. Barbie and her best male friend Ken have been described as two most popular dolls in the world.

## ARMY MEN

Army men, or plastic soldiers, are toy soldiers that are about 5 cm (2.0 in) tall and most commonly molded from olive green, relatively unbreakable plastic. The first American plastic toy soldiers were made by Bergen Toy & Novelty Co. (Beton for short) in 1938. They are equipped with a variety of weapons, typically from World War II to the current era, often depicting the 1964 Vietnam-era M-16 rifle with fixed M7 bayonet. These include rifles, machine guns, submachine guns, sniper rifles, pistols, grenades, flamethrowers, mortars, and bazookas. They may also have radio men, binocular scouts, and minesweepers. Unlike the more expensive toy soldiers available in hobby shops, army men are sold at low prices in discount stores and supermarkets in bulk packaging

## LITE-BRITE

Lite-Brite is a toy that was originally marketed in 1967. It consists of a light box with small colored plastic pegs that fit into a panel and illuminate to create a lit picture, by either using one of the included templates or creating a "freeform" image on a blank sheet of black paper. Lite-Brite allows the artist to create a glowing picture by punching multi-colored translucent plastic pegs through opaque black paper. Using a standard light bulb, the light is blocked by the black paper except where the pegs conduct the light. When lit, the pegs have an appearance similar to that of LEDs.

## HOT WHEELS

Hot Wheels is an American brand of scale model cars introduced by American toymaker Mattel in 1968. The original Hot Wheels were made by Elliot Handler. Handler discovered his son Kenneth playing with Matchbox cars and decided to create a line to compete with Matchbox. Hot Wheels were originally conceived by Handler to be more like "hot rod" cars, as compared to Matchbox cars which were generally small-scale models of production cars. The first line of Hot Wheels Cars, known as The Original Sweet 16 was manufactured in 1968. These were the first of the Red Line Series, named for the tires which had a red pin stripe on their sides. In addition to the cars themselves, Mattel produced a racing track set (sold separately). Though it would be updated throughout the years, the original track consisted of a series of bright orange road sections, pieced together to form an oblong, circular race track, with "superchargers" stations through which cars passed on the tracks, featuring battery-powered spinning wheels, which would propel the cars along the tracks.

### RUBBER DUCKIES

A rubber duck or a rubber duckie is a toy shaped like a stylized duck, generally yellow with a flat base. It may be made of rubber or rubber-like material such as vinyl plastic.[1] Rubber ducks were invented in the late 1800s when it became possible to more easily shape rubber. The earliest rubber ducks were made from harder rubber when manufacturers began using Charles Goodyear's invention, vulcanized rubber. Consequently, these solid rubber ducks were not capable of floating and were instead intended as chew toys. When they were reproduced as a floating toy, they evolved as a device to improve developmental skills in children during water play. The yellow rubber duck has achieved an iconic status in Western pop culture and is often symbolically linked to bathing. In 2013, the rubber duck was inducted into the Toy Hall of Fame, a museum in Rochester, New York, along with the game of chess

Transformers is a media franchise produced by American toy company Hasbro and Japanese toy company Takara Tomy. The franchise began in 1984 with the Transformers toy line, comprising transforming mecha toys from Takara's Diaclone and Micro Change toylines rebranded for Western markets. It primarily follows the Autobots and the Decepticons, two alien robot factions at war that can transform into other forms, such as vehicles and animals. The franchise encompasses toys, animation, comic books, video games and films. As of 2011, it generated more than \$25 billion in revenue, making it one of the highest-grossing media franchises of all time.

### EASY BAKE OVEN

The Easy-Bake Oven is a working toy oven that Kenner introduced in 1963. The Easy Bake Oven was invented by Norman Shapiro, a salesman at Kenner Products Company. He got the idea for the oven from the pretzel machines in the NYC Subway which used lightbulbs to heat the pretzels. The original toy used a pair of ordinary incandescent light bulbs as a heat source; current versions use a true heating element. The oven comes with packets of cake mix and small round pans. Additional mixes can be purchased separately. After water is added to the mix in the pan, it is pushed into the oven through a slot. After cooking, the cake is pushed out through a slot in the other end. In its first year of production, Kenner sold 500,000 Easy-Bake Ovens in the first year of production.

## STAR WARS FIGURINES

Kenner Star Wars action figures are a line of over 100 unique toys, produced and sold from 1978 to 1985, among a total of more than 300 million Star Wars action figures sold then. Star Wars was the first film to successfully market toys based on the movie. Although the original Star Wars film had been released in May 1977, Kenner was unprepared for the unprecedented response to the film and the high demand for toys, mainly due to George Lucas's unwillingness to provide character/vehicle designs for fear his creations would be plagiarized by movie/tv competitors. Unable to build sufficient stock in time for the lucrative Christmas market, they instead sold an "Early Bird Certificate Package" which included a certificate which could be mailed to Kenner and redeemed for four Star Wars action figures. The first four figures to be distributed were Luke Skywalker, Princess Leia, Chewbacca and R2-D2] The box also contains a diorama display stand, some stickers, and a Star Wars fan club membership card

### TOY FUN FACT:

John Lloyd Wright invented Lincoln Logs after working in Japan with his father, renowned architect Frank Lloyd Wright. The mold for the toy was based on the architecture of the Imperial Hotel in Tokyo, designed by the inventor's father. The foundation of the hotel was designed with interlocking log beams, which made the structure "earthquake-proof" and one of the few buildings to remain standing after the 1923 Great Kanto Earthquake that crumbled Tokyo.

## STRAWBERRY SHORTCAKE

Strawberry Shortcake is a cartoon character originally created by Barbi Sargent, who was then working as a freelance artist for American Greetings. The character first appeared on a Laurel Valentine's Day Greeting card in 1972-1973. At the time, the character was simply called Girl with a Daisy or Strawberry Girl and was depicted holding a daisy while wearing an orange bonnet with a strawberry print on it. In 1979, toy manufacturer Kenner Products licensed the character and released the first Strawberry Shortcake doll. The Strawberry Shortcake line of characters each had their own fruit or dessert-themed name with clothing to match the fruit or dessert-themed name, and they each had a dessert or fruit-named pet. Like the Strawberry Shortcake doll, all the other characters' dolls had hair scented to match their dessert theme. The characters lived and played in a magical world known as Strawberryland.

### TOY FUN FACT:

In 1952, Mr Potato Head became the first toy ever to be advertised on TV. It also only sold with the facial pieces, and you had to use a real potato (not supplied)! A plastic potato body would not be included until 1964.

### JACK IN THE BOX

A jack-in-the-box is a children's toy that outwardly consists of a box with a crank. When the crank is turned, a music box mechanism in the toy plays a melody. After the crank has been turned a sufficient number of times (such as at the end of the melody), the lid pops open and a figure, usually a clown or jester, pops out of the box. Some jacks-in-the-box open at random times when cranked, making the startle even more effective. Many of those that use "Pop Goes the Weasel" open at the point in the melody when the word "pop" would be sung. In the early 1500s, the first jack-in-the-box was made by a German clockmaker known as Claus. Claus built a wooden box, with metal edges and a handle that would pop out an animated devil or "Jack" after cranking the handle. It was built as a gift for a local prince's fifth birthday. After seeing this toy, other nobles re-requested their own "Devils-in-a-box" for their children.

## **MONSTER HIGH DOLLS**

Monster High is an American multimedia-supported fashion doll franchise created by toy designer Garrett Sander and launched by Mattel in 2010. Aimed at children aged 7 to 14, the franchise features characters inspired by monster movies, sci-fi horror, thriller fiction, folklore, myths and popular culture, centering around the adventures of the teenage children of monsters and other mythical creatures attending a high school of the same name. Over 750 different dolls have been released since its 2010 launch. Some dolls, particularly the ones which were released a long time ago or in limited quantity, are rare, collectible, and therefore expensive. Most Monster High dolls were marketed to children as toys to play with, but some "collector's edition" dolls, priced higher and aimed at an older audience, were also made. The franchise has also transcended into Animated specials and films, as well as video games and Young Adult Novels.

The Slinky is the official state toy of Pennsylvania. (No word on if they have ever gone down the Rocky Steps.)

# A LOOK BACK SPIRIT NIGHT 2022

# SPORTS

Each year, our Sports Captains think up challenging events for their classes to compete in each night. This year our Sports Captains have not disappointed. Below are the events thought up by White Sports Captains Emma Buchko and CJ Czafit, and Blue Sports Captains Jordyn Stackhouse and Brendan Lynch!

## THURSDAY NIGHT

**FRESHMEN - JUMP ROPE RELAY:** Participants will jump rope to the other end of the gym, around the cone, and back.

**SOPHOMORE - WHEELBARROW RACE:** Partners wheel-barrow their partner AROUND the cone then switch and wheel-barrow back.

**JUNIORS - FOOTBALL DIVE:** Participants run and put the tennis ball on top of the cone, run around the cone, and dive for the football

**SENIORS - BALL IN BUCKET:** Participants sit in a circle then run to the foul line where they attempt to get a tennis ball in the bucket. One hoop taken away each round

# SPORTS

## FRIDAY NIGHT

**FRESHMEN - SPINNY BAT RELAY :** Participants will spin 10 times with their forehead to a bat, then run and place a tennis ball on a cone, then run AROUND a further cone, and retrieve the tennis ball on the way back to hand off to the next person

**SOPHOMORE - FOOTBALL TOSS:** Participants will have one designated thrower and teammates will run to hoops of varying distances and point totals. They will try to score the most points in the time allotted.

**JUNIORS - PIGGY BACK RACE:** Partners piggyback their partner AROUND the cone, then switch and piggyback back

**SENIORS - COTTON SWAB FIGHT / JOUST:** Participants attempt to knock their opponent off the stand with a cotton swab.

## SATURDAY NIGHT

**FRESHMEN - JUMP ROPE RELAY:** Participants will jump rope to the other end of the gym, around the cone, and back.

**SOPHOMORE - SACK PULL:** Participants pull their partner in a sack to and around the cone then switch with their partner

**JUNIORS - TIRE PULL:** Participants attempt to pull the knot past the line before the opponent

**SENIORS - TUG OF WAR:** Participants try to pull knot past the line before their opponent does.

# MURALS & ARTS

Year after year, the Art captains never cease to amaze with their wonderful creativity and talent. They undertake the daunting task of turning elaborate 10x20 sketches, seen on these two pages, into the massive murals you see this evening.

For several weeks leading up to Spirit Night, each team spends countless hours painting and perfecting their side's mural. Then on the weekend prior to the performances, they finally get a chance to display them, with the help of the Father's Club, who graciously donate their services in erecting the framework.

Each team wishes to give special gratitude to their captains for all their hard work: White Team Captains: Rylee Joyce and Becca Kadlec, and Blue Team Captains: Laura Moyer and Bella Rusin. Congrats to all of you for your wonderful achievement in Art!

# **COSTUMES**

All the students involved with Spirit Night wish to thank the mothers for all they have done this year. They would especially like to recognize:

**Linda Benedetti for the White Team**

**Danielle Mullins for the Blue Team**

From simple sketches to detailed instructions, the mother's tireless efforts for the past 3 months have helped bring alive each team's vision of their dance. We thank them for their creativity and generosity as they continue their wonderful support of Spirit Night. When you see the finished product of their labor, you will see they have truly outdone themselves this year!

## **WHITE TEAM MOTHERS & VOLUNTEERS**

Krista Andujar, Dolores Averona, Bridget Baill, Wendy Bannon, Cathy Barnard, Kathy Barnes, Betsy Beltle, Linda Benedetti, Lori Bigioni, Michele Brady, Micki Brennan, Alison Briganti, Laura Buchko, Shannon Conner, Sheri Cunningham, Suzi Czafits, Tammi Dunn, Lorraine Ely, Erin Farrell, Nicole Fox, Stephanie Fusco, Kate Gleave, Olivia Haney, Hannah Hawthorne, Jen Hayden, Nicole Jacavage, Trish Jurgens, Kelli Kerner, Stephanie Kieswetter, Kelly Kleinfelder, Christine Kopenits, Heather Kotch, Christine Leffler, Nancy Lindberg, Marita McKenna

## **BLUE TEAM MOTHERS & VOLUNTEERS**

Erica Bresnen, Destiney Keeney, Krista Kempton, Carrie Konnovitch, Theresa Lawless, Regina Lucano, Cece Marcucci, Diane McCarthy, Kelley McCormick, Meg McFadden, Colleen Meehan, Katie Monte, Jen Moore, Lorie Morath, Danielle Mullins, Michele Musick, Margaret Nerosa, Patti O'Keefe, Tina Patitucci, Maggie Pavel, Jessica Perri Velez, Jessica Phinn, Carolyn Plunkett, Stephanie Raike, Erin Renard, Melissa Rigney, Amy Rinkevich, Amanda Rizzo, Paula Scarborough, Rhonda Selsavage, Michele Serenelli, Tina Shannon, Phyllis Spagnolia, Michelle Stewart, Tina Temple, Kathy Watkins, Amy Welch, Linda Wojton, Bonnie Woodward, Jen Zadnik

# CANNED FOOD DRIVE

On a chilly Saturday in Fall before Thanksgiving, the school held a canned food drive, awarding one point to the team that collected the most items for the drive. Both teams combined to collect just over 21,000 items to donate to shelters and families in need! It was a close tally, but the White Team collected more, was declared "King of the Lot", and was awarded a Spirit Night point in the process.

***Congrats to the White Team on their well earned Spirit Night point.***

# BASKETBALL MARATHON

The White Team opened the scoring in the Underclassmen game, just after 2 minutes into the game. Blue quickly answered and tied the game up on the next possession. After the Blue team took a slight lead, the White team went on an 8 - 0 run to retake the lead. They would never relinquish again, and won the first game 14-8, securing ONE Spirit Night point.

In the Upperclassmen game, Blue won the opening tip off and immediately scored, taking the early 2-0 lead. White fought back to take a 9-6 lead, but not before Blue hit a 3 Pointer to tie it at 9. With the score tied at 11, the game went into double OT. With less than 30 seconds left, Milton Polynice hit a 3 pointer that would turn out to be the game win-ner. Blue took the second game 14-11, securing ONE Spirit Night point.

Congrats to both teams on two well fought games!

# PENNY/CHANGE WARS

Each year, as part of the Spirit Night festivities, the Blue and White teams compete in Penny Wars. The way Penny Wars works is each team has a bucket that they place Pennies into. Pennies count positively towards their total. But the other team can place silver coins and dollar bills into their bucket, which then subtracts from their total. So if the White Team places 200 pennies into their White Bucket, and the Blue Team places a dollar bill and 2 quarters into the White Bucket, the White Team's total is only 50 cents. Each team battles back and forth until the final day, when the coins and bills are added up. The team with the highest score wins a Spirit Night Point.

Both teams save all year to be able to help their team win. When all is said and done, the two teams come together as one and donate 100% of the proceeds to Catholic Charities. In 2022 alone, the students raised over \$5,160, (a Penny Wars Record!) with the White Team winning the Spirit Night points.

This year, the funds raised from Spirit Night Change Wars will be helping a CEC run chapter of Best Buddies, an organization whose goal is providing inclusion and friendship to those with disabilities. Their goal is making the world more welcoming to people with Intellectual and developmental Disabilities (IDD), one friendship, one job, and one life-changing connection at a time. On April 29, the Best Buddies CEC Board Members, along with any interested CEC students, will be participating in the Best Buddies Friendship Walk in King of Prussia. Best Buddies programs empower the special abilities of people with IDD by helping them form meaningful friendships with their peers, secure successful jobs, live independently, improve public speaking, self-advocacy and communication skills, and feel valued by society. Congrats to the CEC community in helping raise funds and awareness for this cause this year.

Who will win the Change Wars this year? We'll find out during the Saturday Night performance!

All our Love,  
Mom, Dad, Cassidy & Jaxon

Whether we care to admit it out loud, we all have a soft spot and space in our hearts for our favorite toy or toys growing up. Be it a doll or stuffed animal, maybe an action figure or car, we all can think back on the wonderful times we spent, playing and imagining wonderful worlds and scenarios for hours on end. Some toys were even our first introduction to the concept of what we would learn later to be a "friend".

Through jingles and commercials, from a very young age, we are surrounded with options and opportunities to bring a new friend into our lives. Those songs and images burned bright in our minds and eyes from an early age, showing us a world of wonder and opportunity. They brought about an excitement that is experienced when you receive a new toy, a joy that we have all had over and over and can still feel as exhilarating each and every time.

Most toys start with simply being a toy we grasp, wondering in amazement what the object in our hands could be. Through further action, be it shaking, dropping, or possibly even throwing, we begin to slowly develop skills, seeing the cause and effect of our actions take place for the first time right before our eyes. As we aged and developed, our toys continue to give us opportunities to cognitively grow, providing opportunities for thinking, imitation and problem solving. They provide a chance to grow creatively and enjoy an environment where our imagination begins to grow, while honing our experience of cooperating and playing with friends. Through toys, we all learn about the world, ourselves, and others.

It is always a sad time when we outgrow our childhood toys. The memories you have made will stay with you forever, regardless if you still have them in your life. Whether you hold onto them to pass along to your future children, or even donate them to charity, you do so with fond memories, knowing they have the opportunity to make someone else share in the same happiness and experiences you had when you were younger.

To our graduating Seniors – you have continued showcasing your imagination and skills each and every year of Spirit Night. You began your high school career navigating and finding creative solutions to cope with Covid protocols and still put on this memorable event. The creativity you continue to showcase each and every year brings wonder and awe to all those who watch. Each and every one of your performances are all just as exhilarating for me to watch as the first time. I wish you all the best of luck as you move on, and hope that you know that you never have to worry about outgrowing your love for this school and this event. The evidence is clear every year, as alums and parents alike, return to still share in the happiness and experiences, that they themselves once enjoyed!

- Mr. Dinan
