OVERALL WHITE CAPTAINS

MAXI ELLISON

Maxi Ellison Spirit Night has been a part of Maxi's life since she was a little girl. With her family, she would come to watch and support her older cousins and the entire White Team in Spirit Night. Maxi and her family knew that in just a few short years, she would be back in the Conwell-Egan gym participating in the amazing, student-run production

that Spirit Night is. Maxi has been a WHITE TEAM captain for all 4 of her years at CEC! During her freshman year, she was a captain of "Claw Machine" for Arcade Games. In her sophomore year, she was a captain of "Powerpuff Girls" for Toys. Then in her junior year, she was a captain of "Legally Blonde" for Broadway. This year Maxi has the pleasure of being Overall Captain for the WHITE TEAM while also being a captain for Secret Service. Spirit Night has allowed Maxi to express herself through dance, school spirit, competitiveness, and most importantly dedication. She hopes to spread her love for Spirit Night to others and give them the same opportunity. Maxi's favorite part of Spirit Night is watching everyone's big ideas and creativity come to life! Aside from Spirit Night, Maxi is involved in many other school clubs and activities. She has served as a Student Government Representative, a DLFF Scholar, played Varsity Soccer, and at-attended Best Buddies for all 4 years at CEC. She most recently joined the first Girls Flag Football team as well at CEC. After graduation, Maxi is very eager and excited to further her education at Saint Joseph's University, majoring in Occupational Therapy. Lastly, Maxi would like to share her complete gratitude to everyone on the WHITE TEAM who made her experience possible. She would like to give a huge thanks to Mr. Dinan, the moderators, parents, captains, and dancers for all their hard work and dedication. Maxi would personally like to shout out her family and friends for their endless love and support throughout her journey. Especially her Co-Overall Captain Mark Curley, Josh Garwo, Sammy Drake, Julia Driscoll, Leilani Bennett-Wilson, Kiley Delfin, and her all-in-one best friend, biggest supporter, and mom Amy Ellison. It is Maxi's honor to be able to present to you and the CEC Community Spirit Night 2025 Occupations! She hopes you enjoy it!

DUBS UP FOREVER!!!
LET'S GO WHITE!!!

OVERALL WHITE CAPTAINS

MARK CURLEY

is ecstatic to lead the WHITE TEAM this year alongside his fellow overall captain, Maxi, in this year's performance of Occupations! Mark has loved Spirit Night since watching it during his freshman year at the performance of Arcade Games. Unfortunately, he could not participate in Spirit Night his freshman year since he had played the lead role of

Prince Topher in CEC's 2022 Spring Production of Cinderella. Ever since watching it for the first time, he knew he had to get involved. As sophomore year came rolling around, he and his friend Maxi auditioned together and both secured their spots as captains for Spirit Night's 2023 performance of Toys. Mark, along with his captains Nick Brady and Jackson Held, contributed to a White Team victory with their dance, Lego Ninjago. The following year, Mark, Dylan Kopentis, and first-time captain, Zander Baugher helped to achieve yet another overall White Team victory with their dance Beetlejuice. Running for an Overall Captain was still up in the air for Mark during his junior year. It wasn't until a few words of wisdom were spoken to him by Payge Hoy that he decided to go for an Overall Captain position. Luckily, he won the spot along with Maxi Ellison and is proud to lead his team to hopefully, another White Team victory! Mark would like to firstly thank his fellow captain, Maxi Ellison, for putting in enormous effort and hard work into Spirit Night this year, especially when he got busy with playing Ren McCormack in CEC's 2025 Spring Musical, Footloose. He would also like to thank Mr. Sully and Ms. Micalizzi for being amazing White Team moderators who generously gave up their time to moderate practices. Furthermore, he expresses gratitude to all of the Spirit Night moms for their incredible support and dedication to the White Team. Lastly, he would like to thank Mr. Dinan for prioritizing Spirit Night and making this event possible! He hopes you enjoy the show!

GOOD LUCK BLUE!

LET'S GO WHITE!!!

OVERALL BLUE CAPTAINS

GIANNA VORGITY

is proud to lead the BLUE TEAM in this year's show OCCUPATIONS! She has been a BLUE TEAM captain all 4 of her years at CEC. During her Fresh-man year, she was a captain of the dance "Space Invaders" for the theme Arcade Games when BLUE TEAM pulled through with a VICTORY! Sophomore year, she was a captain of the dance "Easy Bake Oven" for the theme Toys, and Junior year led the dance "Mamma Mia"

in the theme Broadway. This year, you can find Gianna putting on the "greatest show" with her fellow "Circus Performers." Outside of Spirit Night, Gianna has played Varsity Soccer for all four years and served as a captain for the past two years. This past year, she also had the opportunity to play on the school's first-ever Girls Flag Football Team and now leads the team as a captain! Next year, Gianna is looking forward to attending Holy Family University, where she will continue her soccer career and major in Sports Marketing! Gianna will miss the bond of the Blue Team immensely but looks forward to coming back and cheering them on for years to come. She would like to give a big thanks to her fellow overall, Jake Stewart, for his incredible ideas, hard work, and unwavering support. None of this would have been possible without him by her side! She also wants to thank ALL of the Blue Team Captains for their dedication and effort; she couldn't have asked for a better group. A special shoutout goes to Captains Julia Wade and Elayna Trapp for their constant support and help this year, as well as to her dancers for being such amazing people and putting up with her crazy ideas. Gianna extends her gratitude to everyone who worked behind the scenes with her and Jake, including Mr. Dinan, Melina Rallis, Julianna Rifkin, Mrs. Mullins, and ALL of the Blue Team moms for their commitment and support throughout this busy season! Lastly, she shares a heartfelt thank you to her past overalls over the last four years, especially Jess Silva, PJ Millard, Ahlana Sesar, and Kenny Rizzo, for inspiring and guiding her along the way. Gianna and Jake are excited to finally show everyone what they've had up their sleeves! Gianna is so excited for you to see all the hard work the Blue Team has put in over the past few months. She hopes you get to experience the spirit, sportsmanship, love, and energy the Blue Team brings to the table! Blue Team is like a second family to her, and she hopes to be able to celebrate and hold that Klebe on Saturday Night. Gianna would like to wish the best of luck to the White Team, especially Mark and Maxi, she knows they put a TON of hard work into this, and she is excited to see what they come up with! Lastly, to all of the family and friends in the stands: WELCOME TO CEC SPIRIT NIGHT 2025 OCCUPATIONS! B'S UP FOREVER! ENJOY!

OVERALL BLUE CAPTAINS

JAKE STEWART

is proud to help lead the Blue Team during Spirit Night 2025 Occupations! Jake has been so excited and spent so much time to make sure this is everyone's highlight of the school year. Jake has been a captain since his freshman year and only won once. Last year during Spirit Night Broadway, Jake was captain of the dance Newsies. Now, in 2025, Jake is

focused on helping lead the Blue team to victory one final time. He is thankful for everyone who helped him get to where he is today and he is determined to end his senior year with a Blue Team Win! Jake would also like to thank all of the Blue Team moms for all of the work they have done both this year and every year, to help bring the captains' visions to life. Jake would also like to thank Mr. Dinan and the Blue Team moderators for all that they have done this year. Lastly, Jake wishes the best of luck to the White Team. To all of the family and friends in the stands, welcome to this year's Spirit Night – Occupations. Enjoy!

LET'S GO BLUE TEAM!!!

Good Luck White!!!

WHAT IS SPIRIT NIGHT?

Chances are, that if you sitting in the stands tonight, you are well familiar with Spirit Night. But for those of you who have never experienced this annual event, you must be thinking: "What exactly is Spirit Night?"

Spirit Night is an almost entirely student-run activity that brings the student population together in competition. It was created by former CEC Physical Education teacher, Jack Klebe (for whom the Spirit Night Trophy is named!), as a way for the school to come together, and show their passion, excitement, and talents.

Each year, the team captains and members prepare for months, honing their skills to eventually show them off over three wild and crazy nights. From January to April, the students choreograph dances, build giant themed murals, design intricate costumes, cut music, organize skits and invent fun and challenging games. All of this work culminates in three amazing nights in April.

The teams perform their hearts out and are judged on everything from choreography to execution, sportsmanship to creativity, and artistic vision to athletic achievement. And every year, the stands are full with parents, friends, and alumni, who are eager to both show their support and share in the memories that are made with each unforgettable performance!

Thank you for your continued support and for sharing with us this longstanding CEC tradition!

PAPARAZZI

Paparazzi are photographers who specialize in capturing candid images of celebrities, often without their consent. The term originated in Italy, inspired by the character "Paparazzo" in Federico Fellini's 1960 film *La Dolce Vita*. The industry grew significantly with the rise of Hollywood and tabloid journalism, sometimes leading to ethical concerns over privacy and harassment. While digital technology and social media have changed celebrity exposure, paparazzi remain a controversial yet influential part of entertainment culture.

CAPTAINS : Sarah Beck, Venice Dennis, and Miranda Kuhl

ASTRONAUTS

Astronauts are highly trained individuals who travel into space to conduct research, operate spacecraft, and explore the cosmos. The first human in space was Yuri Gagarin in 1961, followed by historic missions like the Apollo moon landings and the construction of the International Space Station. Astronauts undergo rigorous physical and mental training to withstand the challenges of space travel, including microgravity and isolation. As technology advances, future astronauts may journey to Mars and beyond, pushing the boundaries of human exploration.

CONSTRUCTION WORKERS

Construction workers have been essential to human civilization for thousands of years, dating back to ancient societies like Egypt, Mesopotamia, and Rome, where laborers built pyramids, temples, and aqueducts. During the Industrial Revolution, advancements in machinery and materials transformed construction, leading to faster and larger-scale projects. The 20th century saw the rise of labor unions advocating for better wages, safety regulations, and working conditions. Today, construction workers use advanced technology, such as automation and sustainable building practices, to shape modern cities and infrastructure.

WEATHERMAN

The history of weathermen dates back to the 19th century, when early meteorologists started using rudimentary tools like barometers and thermometers to predict weather patterns. The role evolved with the advent of radio and television in the 20th century, allowing meteorologists to broadcast weather forecasts to a wider audience. By the 1950s, with the rise of television, weathermen became a staple on the airwaves, often becoming some of the most recognizable personalities on local news. Today, weather forecasting has become more sophisticated, with meteorologists using advanced technology like satellites and radar, but the tradition of the weatherman remains a key part of news broadcasts.

FITNESS INSTRUCTORS

The history of fitness instruction traces back to the late 19th and early 20th centuries when physical culture and exercise movements began gaining popularity, often led by gymnasiums and personal trainers. Fitness instruction became more mainstream in the 1960s and 1970s with the rise of aerobics and the fitness boom, partly driven by figures like Jane Fonda. In the 1980s, Richard Simmons became a household name, offering energetic workout routines like *Sweatin' to the Oldies*, which combined fitness with a fun, inclusive approach and helped make exercise more accessible to the general public. As fitness trends continued to evolve, the industry diversified, incorporating strength training, yoga, pilates, and more, while the role of the fitness instructor grew to encompass not only physical training but also motivation and wellness coaching.

FIREFIIGHTERS

The history of firefighting dates back to ancient civilizations, where early forms of fire brigades were formed to protect communities from the threat of fire. In ancient Rome, the first organized firefighting force was created, using buckets and pumps to extinguish fires. By the Middle Ages, volunteer fire brigades began emerging in European cities, but it wasn't until the 19th century, with the industrial revolution and urbanization, that professional firefighting forces were established in many cities. The development of modern firefighting equipment, such as steam-powered fire engines and advanced protective gear, further transformed the profession, making firefighters critical first responders in emergency situations.

MECHANICS

Car mechanics began in the late 19th century with the invention of the automobile, as vehicles became more complex and required specialized knowledge to maintain and repair. Early mechanics often worked with simple engines, but as cars evolved, so did the skills needed to diagnose and fix problems with increasingly intricate systems like transmissions, electrical components, and fuel injection. The rise of mass production in the early 20th century, particularly by companies like Ford, made cars more accessible and led to a greater demand for skilled mechanics. Today, car mechanics are highly trained professionals who must stay updated on new technologies and systems to service modern vehicles.

NAVY

The Navy has its roots in ancient civilizations, where early maritime forces were used for defense, trade, and conquest. In the 17th and 18th centuries, European powers like Britain and Spain established powerful navies, which played key roles in global exploration and warfare. The United States Navy was officially founded in 1775 during the American Revolution, evolving from a small fleet to a global force over the next centuries. To-day, the Navy is a critical component of national defense, with advanced ships, submarines, and aircraft operating in all corners of the world.

SURGEONS

Modern surgery as we know it today evolved significantly in the 19th century with the introduction of anesthesia, allowing for pain-free procedures, and antiseptic techniques, which dramatically reduced infections. In the early 20th century, advancements in medical imaging, sterilization, and surgical instruments further transformed the field, enabling more precise and safer operations. The development of specialized surgical disciplines—such as cardiothoracic, neurosurgery, and orthopedics—pushed the boundaries of what could be treated. Today, minimally invasive techniques like laparoscopy and robotic-assisted surgery are revolutionizing the field, offering quicker recovery times and less trauma for patients.

SECRET SERVICE

The U.S. Secret Service was established in 1865 as part of the Department of the Treasury, initially tasked with investigating counterfeit currency, which was a significant problem after the Civil War. In 1901, after the assassination of President William McKinley, the Secret Service was assigned the additional responsibility of protecting U.S. presidents. Over time, their protective role expanded to include other high-ranking officials and visiting dignitaries. Today, the Secret Service is part of the Department of Homeland Security and continues its dual mission of protecting national leaders and safeguarding the nation's financial infrastructure.

FLIGHT ATTENDANT

The history of flight attendants dates back to the early 1930s, when air-lines first began employing "stewardesses" to assist passengers on board. Initially, these positions were filled by young, trained nurses who could provide medical assistance in case of emergencies. Over time, as air travel became more popular and commercialized, the role expanded to include customer service and safety responsibilities, with airlines diversifying the workforce to include both men and women. By the 1960s and 1970s, flight attendants became an iconic part of air travel, known for their uniformed professionalism and hospitality, as well as playing a key role in ensuring passenger safety.

CAPTAINS : Kim Padilla, Isabella Petrillo, and Gabby Snowden

JUNIOR/SENIOR BLUE - BOYS

LIFEGUARDS

Lifeguards have been around in some form since ancient civilizations, with the first known organized lifeguards appearing in ancient Rome, where trained swimmers were stationed at public baths and beaches. In the 19th century, as beachgoers began flocking to coastal areas, the need for formal lifeguard services grew, particularly in Europe and the U.S. By the early 20th century, lifeguards were employed at popular beaches in places like California, where the role expanded to include rescue techniques, first aid, and water safety education. The American Red Cross and other organizations helped standardize training, leading to the lifeguard profession as we know it today, focused on both prevention and response to aquatic emergencies.

CIRCUS PERFORMERS

Circus performance dates back to ancient Rome, where acrobats, animal trainers, and other entertainers showcased their talents in public arenas. In the 18th century, modern circuses began to take shape in Europe, with Philip Astley, an English-man, often credited as the "father of the modern circus" for introducing the equestrian acts and the circular ring format. In the United States, P.T. Barnum played a major role in popularizing circus entertainment with his extravagant shows, often featuring "freaks" and unique attractions like the famous "Feejee Mermaid" and Jumbo the elephant. Barnum's circus, which later merged with the Ringling Brothers, became an iconic symbol of American entertainment, blending spectacle with a sense of wonder. By the 20th century, circus performances had evolved to include a wide range of acts, from aerialists to clowns, becoming a staple of family entertainment worldwide.

SUPERMODELS

The history of supermodels began in the 1940s and 1950s when models like Jean Shrimpton and Twiggy became famous for their distinctive looks, helping to shape the fashion industry. However, the term "supermodel" truly emerged in the 1980s with iconic figures like Cindy Crawford, Naomi Campbell, and Linda Evangelista, who transcended traditional modeling to become global celebrities. These supermodels not only represented top fashion brands but also had significant influence in pop culture, media, and advertising, setting the stage for the fashion industry's celebrity-driven model culture today.

DANCERS: Tate Martin, David Marucci, Artie McCarthy, Logan Meehan, Kenyan Moise , Dylan Murphy, Santino Patitucci, Todd Phinn, Brian Shimp, Monty Zoryea

BONUS FACT:

The salary of a supermodel can vary widely based on experience, fame, and the type of work they do. Aspiring models, or New Faces, can earn around \$25K-\$50k per year. Top Supermodels, who reach Global Icon status can earn millions from runway shows, exclusive contracts and endorsements.

A LOOK BACK SPIRIT NIGHT 2024

BROADWAY

SPORTS

Each year, our Sports Captains think up challenging events for their classes to compete in each night. This year our Sports Captains have not disappointed. Below are the events thought up by **White Sports Captains Julia Driscoll and LJ Koziak,** and **Blue Sports Captains Megan Werner and Todd Phinn!**

THURSDAY NIGHT

FRESHMEN - FOOTBALL DIVE: Participants run and put the tennis ball on top of the cone, run around the cone, and dive for the football hoop taken away each round.

SOPHOMORE - TIRE PULL: Participants attempt to pull the tire past the line before their opponent.

JUNIORS - BALLOON HEAD RELAY: Partners will have a balloon they need to balance between their heads and run to the other end of the gym, around the cone and back, with the balloon steady.

SENIORS - JOUSTING: Participants attempt to knock their opponent off the stand with a jousting stick

SPORTS

FRIDAY NIGHT

FRESHMEN - TIRE PULL: Participants attempt to pull the knot past the line before the opponent

SOPHOMORE - BALL IN BUCKET: Participants sit in a circle then run to the foul line where they attempt to get a tennis ball in the bucket. One hoop taken away each round

JUNIORS - TUG OF WAR: Participants try to pull knot past the line before their opponent does.

SENIORS - FOOTBALL DIVE: Participants run and put the tennis ball on of the cone, run around the cone, and dive for the football.

SATURDAY NIGHT

FRESHMEN - BALL IN BUCKET: Participants sit in a circle then run to the foul line where they attempt to get a tennis ball in the bucket. One hoop taken away each round

SOPHOMORE - FOOTBALL DIVE: Participants run and put the tennis ball on of the cone, run around the cone, and dive for the football.

JUNIORS - TIRE PULL: Participants attempt to pull the knot past the line before the opponent

SENIORS - TUG OF WAR: Participants try to pull knot past the line before their opponent does.

MURALS & ARTS

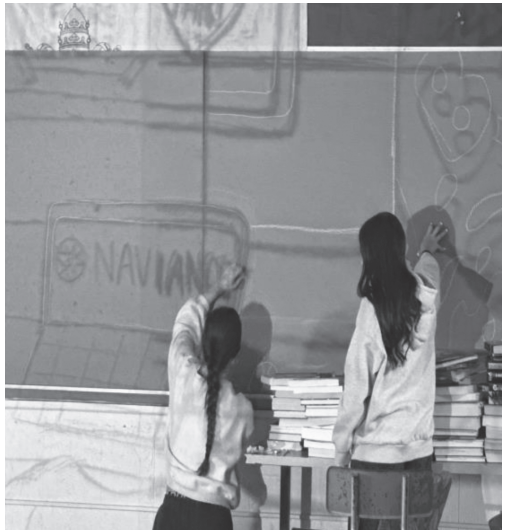

Year after year, the Art captains never cease to amaze with their wonderful creativity and talent. They undertake the daunting task of turning elaborate 10x20 sketches, seen on these two pages, into the massive murals you see this evening.

For several weeks leading up to Spirit Night, each team spends countless hours painting and perfecting their side's mural. Then on the weekend prior to the performances, they finally get a chance to display them, with the help of the Father's Club, who graciously donate their services in erecting the framework.

Each team wishes to give special gratitude to their captains for all their hard work: White Team Captains: Grace Curley and Hailey Haul, and Blue Team Captains: Amber McCarthy and Rebecca Ottinger. Congrats to all of you for your wonderful achievement in Art!

COSTUMES

All the students involved with Spirit Night wish to thank the mothers for all they have done this year. They would especially like to recognize:

Linda Benedetti for the White Team

Danielle Mullins for the Blue Team.

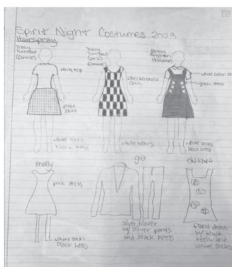

From simple sketches to detailed instructions, the mother's tireless efforts for the past 3 months have helped bring alive each team's vision of their dance. We thank them for their creativity and generosity as they continue their wonderful support of Spirit Night. When you see the finished product of their labor, you will see they have truly outdone themselves this year!

WHITE TEAM MOTHERS & VOLUNTEERS

Lauren Aileo, Shea Andress, Bridget Baill, Wendy Bannon, Linda Benedetti, Nicole Bond, Meghan Bower, Michelle Brady, Lindsay Broll, J'aime Brown, Laura Bux, Kathleen Carmona, Kelly Curley, Sharon Demi, Amanda Donofry, Kristen Edwards, Amy Ellison, Nicole Fox, Stephanie Fusco, Kelly Goodwin, Lori Guzzie, Lori Haist, Olivia Haney, Nicole Jacavage, Lorrain Jones, Trish Jurgens, Melissa Kellett, Kasey Kenworthy, Kelly Kerner, Kelly Kleinfelder, Christine Ko-penits, Heather Kotch, Lisa Kutchner, Alisha Lafferty, and Nancy Lindberg

BLUE TEAM MOTHERS & VOLUNTEERS

Janeth Astudillo, Destiney Keeney, Nicole Lodise, Nichole Long, Regina Lucano, Rose Lynch, Cece Marcuci, Diane McCarthy, Colleen Meehan, Jen Moore, Lorie Morath, Carrie Mullen, Danielle Mullins, Michele Musick, Keri Myers, Joanna Naphy, Nichole Pahulick, Tina Patitucci, Maggie Pavel, Jenn Petrillo, Jessica Phinn, Jaime Pinkham, Carolyn Plunkett, Andrea Psoras, Erin Renard, Amanda Rizzo, Kristen Rutledge, Patti O'Keefe, Nital Sampat, Elaine Samuels, Paula Scarborough, Rosemary Secoda, Rhonda Selsavage, Tina Shannon, Bridget Shaw, Krista Simeone, Melissa Slivka, Michelle Snowden, Phyllis Spagnolia, Nancy St. Hilaire, Michelle Stewart, Jaclyn Strapple, Maureen Swiss, Katie Trapp, Jessica Vorgity, Kathy Wade, Kathy Watkins, Sara Werline, Linda Wojton, and Marissa Woods

CANNED FOOD DRIVE

On a chilly Saturday in Fall before Thanksgiving, the school held a canned food drive, awarding one point to the team that collected the most items for the drive. Both teams combined to collect just over 8,900 items to donate to shelters and families in need! It was a close tally, but the Blue Team collected more, was declared "King of the Lot", and was awarded a Spirit Night point in the process. Congrats to the

***Blue Team on the
well earned
Spirit Night point.***

BASKETBALL MARATHON

Every year, during the annual Basketball Marathon, both teams play two games, one for Underclassmen and one for Upperclassmen, with a Spirit Night point on the line for both.

Blue came out swinging in the Underclassmen game, winning the game and Spirit Night point in the process. Blue then went on to take a 4-0 lead in game two, before White stormed back and took the lead, ultimately winning the Upperclassmen game, and a point as well!

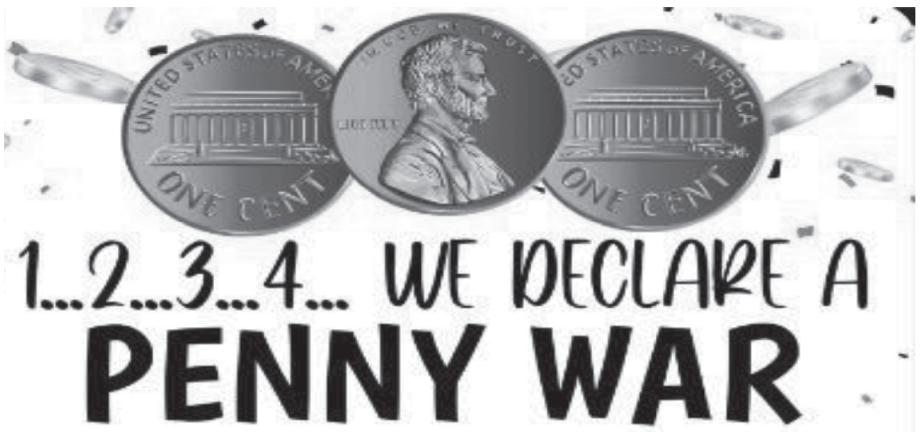

PENNY/CHANGE WARS

Each year, as part of the Spirit Night festivities, the Blue and White teams compete in Penny Wars. The way Penny Wars works is each team has a bucket that they place Pennies into. Pennies count positively towards their total. But the other team can place silver coins and dollar bills into their bucket, which then subtracts from their total. So if the White Team places 200 pennies into their White Bucket, and the Blue Team places a dollar bill and 2 quarters into the White Bucket, the White Team's total is only 50 cents. Each team battles back and forth until the final day, when the coins and bills are added up. The team with the highest score wins a Spirit Night Point.

Both teams save all year to be able to help their team win. When all is said and done, the two teams come together as one and do-nate 100% of the proceeds to Catholic Charities. In 2024 alone, the students raised \$5,797, (a Penny Wars Record)!

Who will win the Change Wars this year? We'll find out during the Saturday Night performance!

The Father's Club is a group of dads that just love to see the kids happy at some of the amazing events that CEC puts on for our children. We are always looking for more members! That could be YOU!

Any Father interested, please reach out to Bob Dinan at rdinan@conwell-egan.org.

What did you want to be when you grew up? Maybe you dreamed of being an astronaut, soaring through the stars, or a firefighter, rushing to save the day. Perhaps you pictured yourself as a teacher, shaping young minds, or a chef, creating delicious masterpieces. As children, our imaginations ran wild with possibilities, each occupation carrying a sense of adventure, purpose, or wonder.

Jobs constantly evolve as new technologies reshape the way we live and work. In the 1800s, no one could have imagined careers like airplane pilot, electrician, or car mechanic, just as our grandparents never foresaw jobs in cybersecurity, app development, or anything with Bluetooth. Each technological breakthrough creates new industries, transforming the skills people need and the opportunities available. There is likely at least one person reading this, who will one day work in a career that we could never even imagine today!

And sometimes our initial dreams or paths don't always work out. Some people evolve, discover new passions, and find unexpected open doors. It can be scary, but embracing change can lead to greater fulfillment, new opportunities, and a career that better aligns with your interests and goals. Every step, even the uncertain ones, is part of your journey, and sometimes the best opportunities come from paths you never planned to take.

To the Class of 2025, this theme holds extra special meaning to me. As you step into this next chapter of your lives, know that it has been an incredible honor to walk alongside you on your journey. Watching you explore your passions, set your goals, and prepare for your futures has been truly inspiring. You are stepping into a world full of possibilities, and I have no doubt that your hard work and determination will lead you to great things. Remember: Success isn't just about the destination—it's about growth, resilience, and the impact you make along the way. No matter where life takes you, believe in yourself, embrace every opportunity, and never stop chasing your dreams!

- Mr. Dinan
